## BIO

**Courtney Flandreau has been a trial attorney for over fifteen years, representing both plaintiffs and defendants throughout Florida.**

Earlier in her career, Courtney served as senior staff attorney for one of the largest insurance companies in the country, representing hundreds of defendants in accident cases. She became a plaintiff's attorney in 2017 and now exclusively advocates for the wrongfully injured.

Courtney provides exceptional service to her clients, applying the knowledge she gained as a defense lawyer together with extensive trial experience, to help those who have been hurt due to the negligence of another. She is dedicated to providing personalized, effective legal representation to her clients. Courtney leverages her skills and compassion for her clients to maximize settlements and win difficult trials against insurance companies.

## Tell us about yourself and

**your firm.** Courtney was excited to join Mallard Perez over the summer of 2021, where she will continue to represent the injured and hold wrongdoers accountable. She is dedicated to helping those who have been injured in an automobile accident, as the result of unsafe conditions at a store or restaurant, or due to medical malpractice. She also provides conscientious representation to the most vulnerable clients, including those injured as the result of child abuse or neglect, or mistreatment in a nursing home.

## What distinguishes your work and your firm from others?

Mallard Perez is a small firm with a big reputation for winning trials. Earlier this year, they won a \$28 million verdict against DCF. This was a case most lawyers would have turned away, but not Mallard Perez. They knew they had to make things right for the victim. Unlike larger firms, they personally know their clients and the details of their individual cases, which is vital to their success. When they are not in the courtroom, they are busy giving back to the community. Courtney is involved with the Manatee River Rotary Club, her church and animal rescue.
